BACKGROUND

Chloé started her career in French startups of the hospitality sector as a business developer. In 2016, she joined Accuracy Madrid as a financial analyst.

Chloé has been exposed to a broad range of transaction advisory projects, performing several financial Due Diligences for national and cross-border operations, financial modeling and valuations for large companies in sectors such as media, energy, pharma, real estate, manufactory or luxury goods.

During her professional career, Chloé has been involved in several litigation and arbitration projects (CPA, SCC-ICSID), mainly in the energy sector.

She has experience in projects requiring Financial Modeling and valuation expertise.

EXPERTISE

- Quantification of damages in the context of national-international, litigation and arbitration (ICSID, SCC, ICC, CPA)
- Valuation, financial modelling in the context of transactions and disputes
- Corporate Recovery Analysis
